Professional Summary

MCA graduate with hands-on experience in **network troubleshooting, Windows device management, technical support, and software development**. Strong foundation in **TCP/IP, IPv4, subnetting, DNS, DHCP, ARP, ICMP, VLANs, switching, routing, STP/RSTP, and network connectivity troubleshooting**. Experienced in configuring and validating enterprise network topologies using **Cisco Packet Tracer and Cisco IOS CLI**, including VLANs, trunking, DHCP, routing, and inter-VLAN communication. Strong analytical and problem-solving skills with experience in **technical testing, troubleshooting, documentation, and user support**.

Education

The Oxford College of Engineering — Bengaluru, India
Master of Computer Applications (MCA), VTU University — ***CGPA: 8.75/10*** — *Aug 2023 – Dec 2025*

SSMRV College, Bangalore City University — Bengaluru, India
Bachelor of Computer Applications (BCA) — ***CGPA: 8.50/10*** — *Aug 2020 – May 2023*

Experience

Network Engineer Intern — Feb 2026 – May 2026
Jnyana IT Solutions Pvt. Ltd. — *Bengaluru, India*

- Worked on practical networking assignments involving **network configuration, implementation, and troubleshooting** using Cisco networking technologies.
- Configured and validated network topologies using **Cisco Packet Tracer and Cisco IOS CLI**, applying networking concepts in hands-on environments.
- Performed structured connectivity testing and troubleshooting to identify configuration and communication issues across network devices.

React Developer Intern — Dec 2024 – Feb 2025
DigiDxDocs — *Bengaluru, India*

- Developed responsive web application components using **React, JavaScript, HTML, and CSS** to support application functionality.
- Implemented reusable UI components, integrated application features, and performed testing and debugging to improve application reliability.
- Applied structured troubleshooting and problem-solving techniques to identify and resolve frontend issues.

Java Developer Intern — Aug 2022 – Nov 2022
ZikraByte Solutions — *Bengaluru, India*

- Developed and maintained Java-based application functionality using **Java, SQL, REST APIs, and MySQL**.
- Troubleshot application issues, performed testing, and worked with database operations to support backend functionality.
- Applied structured debugging and root-cause analysis to identify and resolve software defects.

Web Development Intern — May 2021 – Jul 2021
Future Intern — *Bengaluru, India*

- Developed responsive web interfaces using **HTML, CSS, and JavaScript** while collaborating through Git-based version control.
- Supported project milestones and followed structured Git workflows and Agile practices during development and testing.

Projects

- **Enterprise Network Design & Troubleshooting Lab** — *Cisco Packet Tracer*
  - Designed and simulated an enterprise network using routers and switches with **IPv4 addressing, subnetting, VLANs, 802.1Q trunking, and inter-VLAN routing**.
  - Configured and validated **DHCP, static routing, default gateways, STP, and network connectivity** using Cisco IOS CLI.

  - Performed structured troubleshooting using **ping, traceroute, ARP, DNS/DHCP verification**, and connectivity testing to isolate configuration and communication issues.

- **Airline Reservation System** *Python, React, SQL*
  - Developed a full-stack application with 6+ REST API endpoints using Python, React, and SQL.
  - Implemented authentication, CRUD operations, input validation, and testing for 3 user roles to improve application reliability.

Technical Skills

- **Networking:** OSI Model, TCP/IP, IPv4, Subnetting, ARP, ICMP, TCP, UDP, DNS, DHCP, HTTP/HTTPS, IDS/IPS
- **Switching & Routing:** VLANs, Access Ports, Trunk Ports, 802.1Q, Native VLAN, MAC Address Table, STP/RSTP, EtherChannel, Inter-VLAN Routing, Static Routing, Default Gateway, OSPF Fundamentals
- **Network Troubleshooting:** Ping, Traceroute, ARP, DNS/DHCP Troubleshooting, VLAN and Trunk Troubleshooting, TCP/IP Connectivity Troubleshooting, DDOS Mitigation
- **Network Tools:** Cisco Packet Tracer, Cisco IOS CLI Fundamentals, Microsoft Intune
- **Technical Support:** Hardware and Software Troubleshooting, Windows Device Management, Connectivity Troubleshooting, User Support, Documentation, Problem Solving
- **Programming & Automation:** Python, Java, JavaScript, REST APIs, JSON
- **Database & Development:** MySQL, SQL, HTML5, CSS3, Git, VS Code

Certifications

Cisco Networking Academy – Cisco Packet Tracer	18 July 2026
Udacity – Networking Fundamentals	12 June 2026
Cisco Networking Academy – Introduction to Networking	24 January 2026
Udemy – Python Programming	15 December 2025
Cisco Networking Academy – NDG Linux Unhatched	22 September 2025
